| Appendix A .....                            | 9  |

## Preface

The following conventions are used in this document:

|                   |   |
|-------------------|---|
| <b>Bold</b>       | Used for information that is typed, pressed, or selected in executables and instructions. For example, select <b>connect to host</b> .  |
| <i>Italics</i>    | Used for file names, directories, scripts, commands, user IDs, document names, and Bibliography references; and any unusual computerese the first time it is used in text.          |
| <u>Underline</u>  | Used for emphasis.  |
| Arrows <>         | Used to identify keys on the keyboard. For example <Return>.  |
| “Quotation Marks” | Used to identify informal, computer-generated queries and reports, or coined names; and to clarify a term when it appears for the first time. For example “Data-Generation Report.” |
| Courier Font      | Used to denote anything as it appears on the screen or command lines. For example <code>tar xvf dev/rmt/3mm</code> .  |
| Capitalization    | Used to identify keys, screen icons, screen buttons, field, and menu names.   |

## 1. Segment Version Description

### 1.1 Scope

This Software Version Description (SVD) contains a description of the Common Operating Environment (COE) Web Help Data (COEWBHelpDATA) segment, Version 1.0.0.0 (V1.0.0.0) for the Defense Information Infrastructure (DII) for NT-based machines.

#### 1.1.1 Identification

This section contains identification information for the COEWBHelpDATA segment:

|                   |                           |
|-------------------|---------------------------|
| Segment Name:     | COE WEB Help Data Segment |
| Segment Type:     | DATA                      |
| Prefix:           | WHDAT                     |
| Home Directory:   | /h/COEWBHelpDATA          |
| Required License: | None                      |
| Version Number:   | 1.0.0.0                   |
| Platform:         | Intel PC/Windows NT 4.0   |

#### 1.1.2 System Overview

This section contains system overview information for the COEWBHelpDATA segment:

|                    |  |
|--------------------|--|
| <b>Purpose:</b>    | The COEWBHelpDATA segment contains a sample Web help hypertext mark-up language (HTML) file which, when used with the associated COE Web Help Software (COEWBHelpSW) segment demonstrates how a developer can integrate Web-based help documents into a mission application's operating environment. |
| <b>Usage:</b>      | Developers may use the documentation contained in the COEWBHelpDATA segment as an aid for developing and implementing segment-based (local) Web help documents.  |
| <b>References:</b> | The <i>COE Web Help Developer's Guide</i> which has been delivered with this segment. Users may also refer to the on-line version of this manual by installing and running the sample application contained in this segment, and selecting the <b>COE Web Help</b> menu item under the Help menu.    |

#### 1.1.3 Product Information

|                              |  |
|------------------------------|--|
| <b>Product Qualification</b> | The products contained in this segment have been approved for site distribution by the DII Engineering Office. |
|------------------------------|--|

|                             |  |
|-----------------------------|--|
| <b>Product Restrictions</b> | This product may be distributed to an unlimited number of sites without restriction. |
| <b>Product Dependencies</b> | This segment requires the COEWBHelpSW segment, V1.0.0.0.                             |

## 2. Referenced Documents

The following documents are referenced in this SVD:

- *Installation Procedures* delivered with the COEWBHelpDATA segment, V1.0.0.0.
- *COE Web Help Developer's Guide* delivered with the COEWBHelpDATA segment, V1.0.0.0.

This page intentionally left blank.

### **3. Version Description**

#### **3.1 Inventory of Materials Released**

Two 3.5" floppy diskettes each containing the COEWBHelpDATA segment V 1.0.0.0 (Windows NT 4.0) for DII. Each diskette contains COEWBHelpDATA in MakeInstall format. One 3.5" floppy diskette contains the COEWBHelpDATA segment documents.

#### **3.2 Inventory of Software Contents**

See Appendix A.

#### **3.3 Changes Installed**

Not applicable.

#### **3.4 Waivers**

The following documents have been officially waived by the DII COE Engineering Office for COEWBHelpDATA segment, V1.0.0.0:

- “COE Web Help Data Segment - Database Design Documentation” - *Justification:* The COEWBHelpDATA segment is not a database segment.
- “COE Web Help Data Segment - Software Requirements Specification” - *Justification:* Segment serves only as an aid to developers.
- “COE Web Help Data Segment - Software Test Plan” - *Justification:* Segment serves only as an aid to developers.
- “COE Web Help Data Segment - Software Test Description” - *Justification:* Segment is a data segment.
- “COE Web Help Data Segment - Software Test Results” - *Justification:* Segment is a data segment.
- “COE Web Help Data Segment - Software User’s Manual” - *Justification:* Segment is a data segment.
- “COE Web Help Data Segment - System Administrator’s Manual” - *Justification:* Segment is a data segment.

### **3.5 Adaptation Data**

Not applicable.

### **3.6 Installation Instructions**

See the *Installation Procedures* delivered with the COEWBHelpDATA segment, V1.0.0.0.

### **3.7 Possible Problems and Known Errors**

Not applicable.

#### **4. Notes**

The data contained in this segment is designed to be used in conjunction with the software contained in the associated software segment entitled COE Web Help Software Segment (COEWBHelpSW), V1.0.0.0 which must be installed before this segment can be installed.
